Kelly and I am thinking:

Noon signing – email to State and Feds thereafter

2:00 – copy to Congressionals – the 11 interested ones that requested an extension

3:00 posting to the web

Thanks. Call I had this am suggests that DOI is not expecting this to hit the wires today. I don't know what the state is expecting. Just want to make sure everyone has the same expectations about timing. Whatever it is we should let them know so they are not surprised. And would be good to send signed copy at least an hour or so before it is posted, so they have a chance to read before they get calls.

We accepted your last round of changes, cleaned up a couple of grammatical/awkward sentences and took out the sentence at the end about the attached detailed comments. Jared will sign before noon and I'll send around the pdf. He would like us to post it at 3:00 Pacific – which the region can do.

They want to post it end of the day CA time. So like 7 or 8 pm our time. Can someone in Region do it then?

We can post the signed letter. Kathleen, can you have someone make a PDF and send it to Justin Wright in my office? Thanks

Attached is proposed final version – with red line on the key paragraph making some modest editorial changes, and a new sentence about the supplemental draft. This language attempts to reserve our options should the next regulatory processes not deliver as expected.

Please contact me with any concerns/suggested changes. Let's try to have the absolute final version pinned this down by noon eastern, 3 pm your time, so Jared can sign and letter can be posted. I will handle with the folks here the necessary concurrence paperwork for me to sign.

Who will post the letter to our web site? End of the day CA time would be good if that's possible.

Thanks all –

Cynthia
